D. HECHINGER & CO Just Now

We are somewhat torn up on the outside of our storerooms by reason of remodeling our windows. When done we will present quite a formidable "Front." The "Inside," however, represents a herculean strength that only is derived from handling merchandise superior in quality and at the prices we sell them—cheaper by far than the ordinary run of ready-made clothing. Here you find the choice production of four or five of the most famous of Rochester's manufacturers.

None Made and Fit Like Them in the World!

The hundreds of young and old who buy them of us will tell you so. In this season's stock we are stronger than ever before—strong in quality and weak in price. The quantities we buy, and the discounts obtained by paying for them as soon as they come in, enable us to sell you the best at reasonable prices. We cannot tell you much more about our Shoes than you already know. No sensational prices. We simply buy the best made, sell them as low as conforms with good business ethics; and if you buy a pair that are guaranteed to you to wear well, your money back if they don't.

STOCK CLEARANCE SALE!

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into cash at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cost, value nor loss get a moment's consideration. To reduce our immense stock is the only aim, the highest hope, the fixed determination. No man or woman who knows the value of a dollar, who understands this opportunity to save, will let it pass without taking advantage of it to the full as far as prudence and means permit. While many departments are represented here, it would take double the space this ad. occupies to tell of the dozens of other equally attractive bargains. Call on us, it's the only way to master all the facts.

SIX BIG VALUES!

No. 1—Melange Cheviot, 45 inches wide, 36c, original price \$1. In all the new fall shades. If you can judge values we are sure wisdom will guide you rightly when you see this unusual bargain.

No. 2—Black Taffeta 27 inches wide, 75c, original price \$1. Every yard guaranteed to wear. You may be surprised at the price, but you'll be more surprised at the quality.

No. 3—Oneta Union Suits, 45c instead of 75c. Soft and fine, well made and finished. Closely knit to withstand many washings. You know the garment too well to need further description.

Everything mentioned above early come here for choice. No disappointment await you, complete satisfaction stamped on every offering.

None bigger, none better, none worthier ever offered the people of Maysville.

No. 4—Fancy Suitings, 42 and 45 inches wide, 28c, original price 75c. Dark plaids and mixtures, strictly all wool. Effective for children's dresses, women's waists, wrappers and suitcases.

No. 5—Women's Fleece-lined Stockings, 22½c, original price 35c. Past black, silk fleece, ribbed or plain top, double sole and heel.

No. 6—Men's Two-piece Underwear, 45c, original price 75c. Best Mass cotton, finely woven, softest finish. A well cut and finished garment.

A DOLLAR is worth just what it will bring. If you had a barrel of them in the desert of Sahara they wouldn't buy a cup of water. Now we are certain there is no place in Maysville where a dollar will bring you as much as it will here during this sale. It might buy a larger package elsewhere but we are not talking of quantities. We refer to qualities and values. The following list tells what a dollar will do in some of our departments. It's not a list of exaggeration but a statement of facts.

A dollar in the Linen Department will buy a splendid Bleached Damask 72 inches wide in rose, fern, lily, clover and many other patterns. Original price \$1½. The best bed spread you ever saw for a dollar and no wonder for they've been selling for \$1½.

A dollar in the Colored Dress Goods Department will buy an exquisite French Broadcloth worth \$1½ or a Panna Cloth as soft as velvet worth \$1½, or a Scotch Mixed Covert for walking suits worth \$1½.

ELOPEMENT PREVENTED.

Expectant Groom Arrested For Robbery on Eve of His Wedding.

Yesterday afternoon Constable Dawson arrested John Riggs near Fernleaf. He is charged with breaking into a house and stealing a watch and other valuables.

The romantic part of the story is that Riggs had planned an elopement with the pretty daughter of a prominent farmer, and had a buggy within half a mile of her home, awaiting her coming at 2 o'clock, when they were to start for West Union, O., to be married.

But at 1:30 Constable Dawson swooped down on Riggs and his rig, anticipating the bride just thirty minutes.

It was a fortunate escape for the young lady, who had no knowledge of the character of the man she was about to marry.

Riggs is having a hearing as THE LADY goes to press.

CHARTS AT FULT.

Commander Richard Wainwright on the Stand Testified That They Were Inaccurate.

HE DID NOT SEE THE BROOKLYN LOOP

Lieut. Commander Hodgson, Capt. Folger and Lieut. Dyson Made Additions to Their Testimony.

Lieut. M. L. Bristol, Who as Ensign Was a Watch and Division Officer on the Texas, on the Stand.

Washington, Oct. 9.—There were two new witnesses before the select committee of inquiry Tuesday. They were Richard Wainwright, who commanded the Gloucester during the war with Spain, and Lieut. M. L. Bristol, who was a watch and division officer on the battleship Texas during that period.

Lieut. Bristol had not concluded his testimony when the court adjourned for the day. He did not see the loop made by the Brooklyn, the other part of his testimony turning upon a chart he had made, showing largely, according to his memory, the positions of the various ships of the American fleet at different times during the engagement of July 3. There were several different controversies between counsel over questions asked the witness by Mr. Rayner concerning this chart.

Commander Wainwright's testimony dealt largely with chart making. He was for a time senior member of the board of navigators, and he prepared the official chart showing the position of the American ships during the battle off Santiago, and he gave details of the method of preparing the chart. He said he did not consider the positions assigned in that drawn accurate, but that they were given as the result of a certain estimate of the views of members of the board.

Lieut. Commander Hodgson, Capt. Folger and Lieut. Dyson made additions to their previous testimony.

Steam Log of the Brooklyn.

Lieut. Dyson was asked by Judge Advocate Lemly: "What does the steam log of the Brooklyn show as to July 3?"

"She had seven boilers, five main and two auxiliary. The two forward were not in use, the five under were banked and three others were dead."

"I judge from the fact that it took from 9:25 to 10 to get up steam that the fires were not even prepared."

"The ship was designed to have the engines coupled up in time of war. It was, however, necessary to have the ship at a distance of 10 miles from the coast, and it would consume 15 or 20 minutes to couple them up."

"Coupled up the Brooklyn could make 17 or 18 knots. During the battle she had only five out of the seven boilers in use."

"She made all the necessary speed, however, on July 3. On the other hand, she did not get up all the speed she could, making only 14 knots, against 20.5, which she made on her trial trip."

"How about the other ships?" asked Rayner.

"The New York coupled her last two boilers at 12:30 p. m., and got up to 16.5, to 17 knots an hour. The speed of the Oregon was 14.5, and the Texas 14.5 knots. The Iowa is not forthcoming, as the Iowa was empty, and only got up to 9.5 knots."

Found Dead in the Basement.

Houghton, Mich., Oct. 9.—Dr. Alex. McEae, of the Oscoda mine, was found dead in the basement of his house by a member of his family. The only thing that would indicate the cause of death was a slight burn on one of his hands, as if from an electric wire.

Great Aspen Tunnel Finished.

Salt Lake, Oct. 9.—The great Aspen tunnel on the Leroy-Bear River cut-off of the Union Pacific, was completed Tuesday night and traffic will be running over the new route Sunday. The tunnel has been two years in the course of construction, and cost over \$2,000,000.

HEAVY RAINFALL.

In Fourteen Hours 14.8 Inches of Water Fell at Galveston, the Heaviest Ever Known.

Galveston, Tex., Oct. 9.—Galveston was visited by the heaviest rainfall in its history Tuesday. It began raining Monday night, but the storm, which formed off Galveston, did not break until early Tuesday morning, and from 3 a. m. until 3 p. m. the precipitation was continuing. For the 14 hours ending at 12:30 p. m. 14.8 inches of water fell. From 8 a. m. to 1 p. m. three inches fell. The rain was accompanied by wind, which blew 42 miles an hour at 11:30 from the east. The streets were inundated, and traffic was stopped, all business being practically suspended. The damage cannot be estimated at this time, but it is not believed to be heavy. Some of the buildings were partially flooded by water backing over the streets. The tide was only two feet above normal, and there was no salt water in the streets. The rain was local, extending only along a portion of the Texas coast and inland for 50 or 60 miles, with less intensity.

MUST PAY THE DIFFERENCE.

The Postmaster at Somerset, Ky., Requested to Make Good a Loss in Postal Revenue.

Washington, Oct. 9.—The post office department has required Postmaster H. C. Trimble, at Somerset, Ky., to make good a loss of \$481 of revenue due to failure to exact the proper classification of publisher. The publisher recently inquired if he could place certain printing on the wrapper of his publication and still obtain publisher's postage rate. The postmaster authorized this action, although printed matter under the law subjected the publisher to a higher rate. The publisher refused to pay the back postage at the higher rate when the irregularity was made known to the post office department, and now the postmaster is required to pay the amount due as a penalty for failure to properly classify the matter.

The law, it is explained at the department, makes postmasters liable for the loss of revenue by neglect and carelessness.

THE DECREE GRANTED.

Mary King McLeary Discovers From J. P. McLeary, Justice of the Porto Rico Supreme Court.

ISLAND STORMED.

Force of Liberals Attacked Morro, Commanding the Entrance to the Port of Tumaco.

A LANDING EFFECTED IN THE NIGHT.

The British Steamer Quito Fired on and a Hole Made Through Her Above the Bulwark.

Shortly After the Quito Incident the British Warship Icarus Left Panama Presumably for the Scene.

Coton, Colombia, Oct. 9.—(Previous cabling of this matter prevented.)—A force of liberals numbering at least 50 attacked Morro island, commanding the entrance to the port of Tumaco, September 24. The island had all along been garrisoned with fewer than a hundred troops, well supplied with arms, ammunition and commissary stores, including more than 150 head of cattle and other provisions in preparation.

The landing was effected before daybreak by means of canoes. Simultaneously the island was stormed from the other end by the liberals on the main land.

Morro island is surrounded by shallow sand banks, and the only means of approaching Tumaco is by a narrow channel, which is within easy range of the island.

British Vessel Fired On.

The British steamer Quito, bound from Guayaquil, Ecuador, for Panama, and touching at ports between, anchored off Morro island on the night of September 26, and, weighing anchor at daylight, started up the stream toward Tumaco. The liberals fired a shot across her bows.

Suspecting the situation, she immediately turned, but rifle shots and cannon continued to be fired at her, the former striking her several times, and the latter one, the ball making a hole right through her above the bulwark, though the damage in other respects was slight.

The Quito then steamed to the farther point the tide would permit, and again anchored. The firing was now resumed, but it ceased after a few minutes, the liberals having discovered the imprudence of their action.

It is significant that, shortly after the Quito incident became known, the British warship Icarus left Panama for a destination not made public, but presumably Tumaco.

The situation on the isthmus is unchanged and quiet.

ARITHMETICS SEIZED.

They Contain Pictures of American Coins, Which is a Violation of the Counterfeit Law.

Washington, Oct. 9.—The representative of a book publishing house called on Assistant Secretary Taylor at the treasury department Tuesday to ask for the seizure of several thousand arithmetics by the secret service. These arithmetics were printed for use in the schools of the Philippines and contained pictures of American coins. As any printed fee simile of American obligation is in violation of the counterfeit law, the arithmetics were suppressed. The publishers contended that a wrong has been done, as the pictures were educational to the Filipinos, and that the information of the children in the schools. The question will be taken up by Secretary Gage on his return to Washington about the 15th of the present month.

Will Relieve Commander Tiller.

Washington, Oct. 9.—Commander Uriel Seebree has been detached from duty as inspector of the 11th Light House district, on the Pacific coast, and ordered to command the Abanda and also to assume the duties of commandant of the navy station at San Francisco, relieving Commander D. F. Tiller.

Marquis to St. Paul.

Washington, Oct. 9.—Gen. Ghafe has notified the war department that the Philippine ports of Malibon, Cabalan and Hinunangan, island of Leyte, have been opened to the coasting trade.

Cable Communication Established.

Washington, Oct. 9.—Col. Dunwoody, acting chief of the signal office, has received a dispatch stating that cable communication has been established between the island of Mindanao and Isabela, the capital of Russian island.

To Build Railway.

Brussels, Oct. 9.—It is announced that the government of the Congo state is about to begin the construction of a 1,000 kilometers of railroad in the Upper Congo district.

DESTRUCTIVE BLAZE.

Fire Started on the Docks of the Peabody Coal Co., Chicago, and Destroyed Valuable Property.

Chicago, Oct. 9.—Shortly before midnight Tuesday night fire started on the docks of the Peabody Coal Co. at the foot of Orleans street. The flames spread to some freight sheds of the Chicago & Northwestern railroad and to buildings occupied by the Globe Publishing and Heating Co. and the Davidson marble works. Twenty flat cars standing on the tracks nearby were consumed. The damage is heavy, the loss on coal being in flames. The loss on coal is estimated at upwards of \$250,000.

FIRE ON A VESSEL.

The British Bark Damaged and Sunk at Her Dock in East River, New York City.

New York, Oct. 9.—Three-masted British bark Griffl was damaged by fire and sunk Tuesday night while lying at her dock in East River. At the risk of their lives firemen and policemen went into the hold and removed 320 cases of gunpowder which were part of her cargo. The cases were thrown overboard as fast as passed up. The cargo of the ship consisted of cases of petroleum, which were stored in the lower hold, general merchandise, in the middle hold, and the gunpowder and 23 cases of loaded rifle cartridges in the top hold. Loss estimated at \$100,000.

MURDER AND SUICIDE.

Frank Hemingway Killed by Clara Stuart, Who Afterward Committed Suicide.

Savannah, Ga., Oct. 9.—Frank Hemingway, a musician, employed in a theater orchestra, was shot and instantly killed by Clara Stuart, a woman then a bullet through her own brain. Death was instantaneous in both cases. Jealousy is believed to have been the cause of the tragedy. Hemingway was from South Framingham, Mass. The woman's real name was Nanon Steyer, and she was from Oswego, N. Y. The bodies have been ordered sent to the homes of their respective families.

Sour Stomach

"After I was induced to try CASCARAT, I will never be without them in the house. I never was a very bad sleeper, and my head ached and I had stomach trouble. Now, since taking Cascarat, I feel fine. My wife uses it also and with beneficial results for her stomach."

TO SKEPTICAL ASTHMATICS.

The truly marvelous cures of Asthma which have already been effected by Dr. Rudolph Schiffmann certainly call for notice. His preparation (Schiffmann's Asthma Cure) not only gives instant relief in the most stubborn and obstinate cases, but positively cures, in proof of which hear what the Town Clerk at Cavalier, N. D., Mr. W. S. Seres, says: "I was troubled with asthma for twenty years. About eight years ago I started to use your Asthma Cure, and have not had an attack for six years."

Schiffmann's Asthma Cure can be obtained of all druggists at 50¢ and \$1 per package, or by writing direct to Dr. Schiffmann, Box 90, St. Paul, Minn.

\$100—Reward—\$100.

The readers of this paper will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thus destroying the foundation of the disease, and giving the patient strength by building up the constitution and setting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Food
Dyspepsia Cure

Just as sure as water dissolves sugar, just as sure will KODOL DYSPEPSIA CURE digest your food; it's on the same general principles. It contains the same elements as Nature's digestive fluids, so why want it act in exactly the same manner? It will. It can't help it. That's why it never fails to cure the worst cases of indigestion and dyspepsia where other remedies have failed. A little KODOL DYSPEPSIA CURE after meals will prevent that terrible distress and belching so often experienced. "For years I sought a remedy in vain until I tried KODOL DYSPEPSIA CURE. It has no equal as a stomach and dyspepsia remedy and I have tried all I could find. M. C. Edwards, 1525-16th Ave., Altoona, Pa."
